**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose to use Sonic because not only do they have better service and provided me with *50* times the speed as what AT&T and Comcast were able to offer but they did it at 2/3 of the cost and with no contract. There is no reason at all that ATT and Comcast should be more expensive given their enormous advantages of scale. They use their duopoly to not provide better service and to keep costs high.

Anything we can do to support independent ISPs is critical to keeping the market competitive.
